ABOUT ME

"We are not teaching objects, we are teaching real people, innocent children, and it is up to us to give them the best chance to make them a vital part of our community." — Ashley Nordin

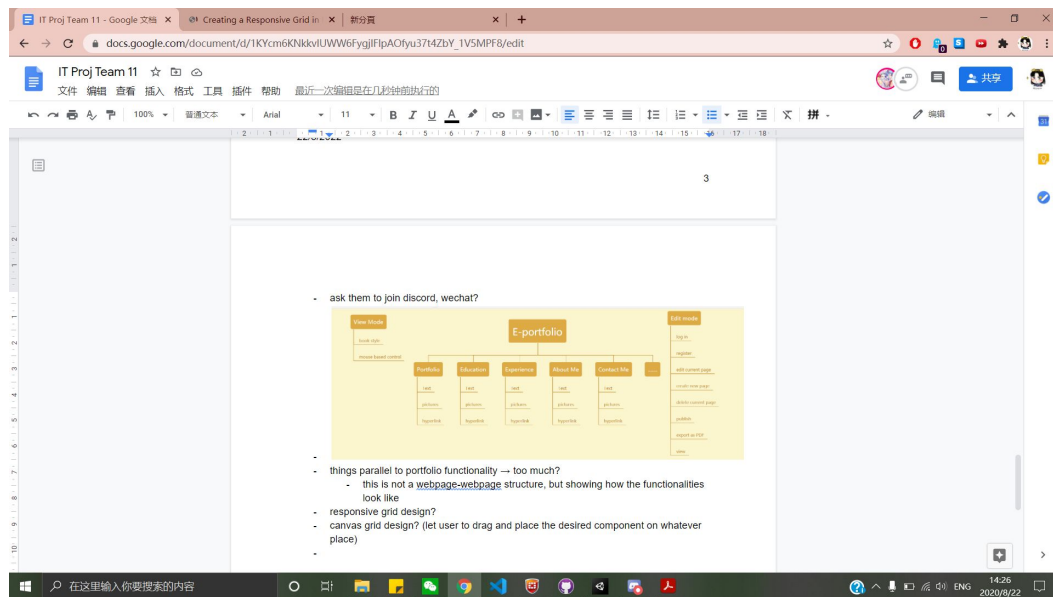

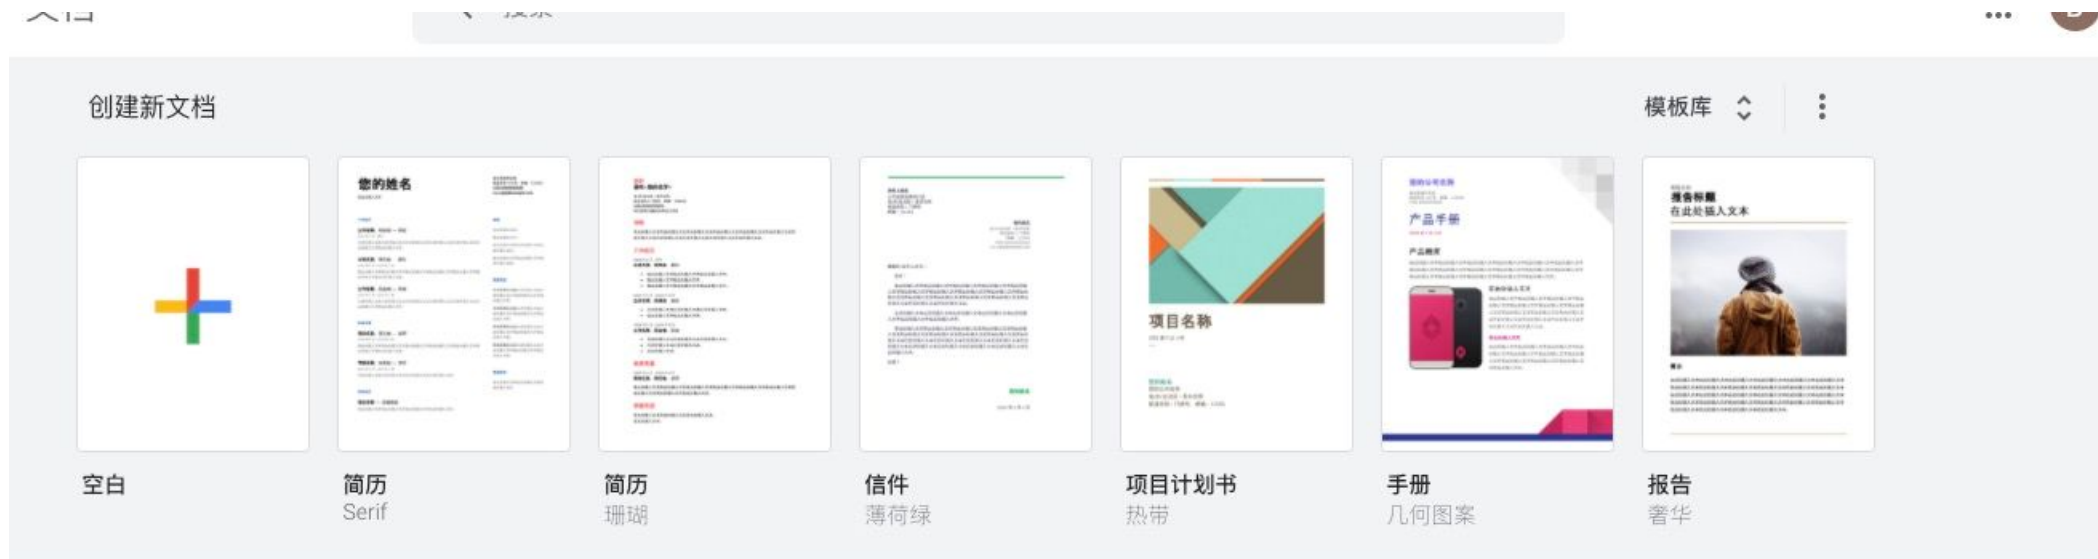

I am a Bachelor of Science and Bachelor of Education student at Thompson Rivers University. My desire to teach has come from my experience coaching curling. I have a passion to help athletes and students be the best that they can be.

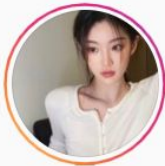

I am still working towards completing a major in Mathematics. I decided to go into this field
